Toggle OFF: The LEDs on both sides are off, the LED from the top is controlled by the footswitch.

## Specifications:

Dimensions: 125\*78.5\*48mm

Weight: 316g

Input Impedance: 1M $\Omega$

Output Impedance: 100 $\Omega$

Rated current consumption: 30mA

Working Voltage: DC 9V(center minus)

Disposal of the packaging material

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling.

Ensure that plastic bags, packaging, etc. are properly disposed of.

Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

Disposal of your old device

Dispose of this device through an approved waste disposal firm or through your local waste facility. When discarding the device, comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
